

Singing Makes the Love Flow

1. I never know exactly what this song will be about;
it changes every time that I sing it.
But if you'll sing with me, we can make this song our own,
and let it be whatever song it will be,
and let it be whatever song it is.

Ch It may not be a song you'll ever hear on radio;
it may not make you laugh or make you cry.
But la, la, la with me and it will surely make you smile,
and smiling let's the love into our hungry hearts,
and singing makes the love flow all around.

(Sing melody on "la")

3. I think I know exactly what this song is all about,
connecting you and you and you and me.
And as we sing together, then this song becomes our own,
turns into whatever song it will be, turns into whatever song it is.

Ch It may not be a song we'll ever hear on radio;
it may not make us laugh or make us cry.
But "la, la, la" with me and it will surely make us smile,
and smiling let's the love into our hungry hearts,
and singing makes the love flow all around.

(Sing melody on "la")
